HOME FOOTBALL RESULTS

A Saturday Of Surprises

The football at Home on Saturday was featured by some surprises, the most sensational of which was the 5-1 win by Grimsby over Aston Villa. Expected to win by a large following, Preston provided another upset when they lost to Derby by the only goal scored during the ninety minutes of gruelling struggle for supremacy.

In the second division Bolton scored eight times against Barnsley without any reply while Tranmere and Stockport, two of the Third Division (North) teams who were expected to win also failed.

The results, as cabled by Reuter, together with league tables brought up-to-date, are:-

CABLE NEWS IN BRIEF

[Special to the "Hong Kong Daily Press" (Copyright).]

Berlin, Oct. 5.

Unusual interest to overseas countries attaches to the weekly report of the official German Institute for Business Research which was published on Thursday, dealing with the "textile situation in Germany." It states "the allotment of foreign raw materials to individual manufacturing plants has already been restricted. So far as can be seen, the production of textile wares from foreign raw materials will about correspond with the present retail sales so that further piling up of stocks will be avoided. About eight per cent. of textile workers have been affected by the introduction of the 36-hour week, which means loss of wages by the textile workers of 16 per cent. An increase of about 80 per cent. in the production of flax is reckoned with for the twelve months from July, 1934 to June, 1935. An increase, though not nearly so great, is expected in domestic wool production.

A decisive factor in the entire supply problem will be the future production of synthetic fibres. Regarding the production capacity in this field, little is publicly known. At any rate it may be assumed with certainty that the production here can be doubled without requiring a large amount of new investment. According to the estimates of this Institute, raw material stocks at the end of June amounted to about four to five months production. Since this time the stocks have diminished by about a quarter. Stocks semi-finished and finished goods, despite increased sales are probably on the whole not yet decisively dropped. The supply to the population of textile goods is therefore, six months after the first ban on the purchase of textile raw materials, still secure for several months ahead."

STANDSTILL CREDITS

London, Oct. 5.

According to the financial Press, the quarterly session of the Standstill Committee is due to begin on October 16. Since the last assembly the agreement with German debtors has worked with complete satisfaction. At the same time it is announced that the Standstill credits in Germany has declined by 330 million marks during the last half year, chiefly through the utilisation of register marks by creditor countries. The remaining Standstill credits now amount to somewhat over two million marks. Standstill credits guaranteed by the gold discount bank have been reduced during the first eight months of 1934 from 262 to 124 million marks owing to repayments in various forms.

SAAR COMMISSION'S REBUKE

Saarbrücken, Oct. 5.

A rebuke was given by the International Saar Plebiscite Commission to the Commission of Inquiry of the so-called "World Relief Committee for the victims of Hitlerism" which recently visited the Saar region and subsequently published a report containing the assertion that, according to widespread view of the Saar population, the forthcoming plebiscite would be neither secret nor free.

In a statement issued on Friday, the Plebiscite Commission stresses it has no knowledge of such views prevailing among the Saar population but it is certainly in a position to guarantee that the Plebiscite will be secret and consequent.

MEMEL TERRITORY COMPLAINTS

London, Oct. 6.

The "Times" announces that the report about the complaints concerning the measures taken by the Lithuanian Government in regard to the Memel territory has just been received and is being given the greatest attention by Great Britain, France and Italy. These three Powers and Japan are the guarantors of the Memel statute. The "Times" adds that there is little room for doubt that technical violations of the Memel statute have taken place.

"WORK AND SAVE"

Olmütz, Oct. 5.

"Work and Save" was one of the account headings under which embezzled booty amounting to 13 million Czechoslovakian kronen was banked by defrauding State officials out of revenues. The officials' "easy way of getting rich" was to add two or three noughts to the drafts signed "count," the chance discovery of one such draft revealed that the frauds had been going on for years. The police so far have been successful in recovering five million kronen and are now engaged in hunting after the remainder.

WINTER RELIEF CAMPAIGN

Berlin, Oct. 6.

An official opening ceremony of a simple and sober character has been arranged to take place in Krollopera on October 9 when speeches by Hitler and Goebbels will inaugurate the new winter relief campaign, and when representatives of one and a half million voluntary helpers will be present. On the following day, a detailed report of the application of the huge sums collected last year is to be published.

All street collections except for winter relief work are forbidden after October 8. This year's campaign will be accompanied by even greater propaganda than last year's though emphasis is laid on the voluntary nature of the scheme which is to manifest national solidarity.

HAPSBURG PROPERTY

Vienna, Oct. 5.

Interesting details regarding the negotiations now proceeding for the restoration of the confiscated property of the Hapsburg family, are published in the newspaper "Tagesspost" in Linz which claims authority for stating that the possessions of general benefit to the community such as the court library, Hofburg and Schönbrunn palaces, as well as the crown jewels will be retained by the State while all private jewels and art treasures, including the Court museums and the famous Albertina collection of rare prints are to be returned. It is also likely that the members of the Hapsburg family will receive back a total of eleven large estates including the magnificent castles of Laxenburg, Bressendorf, Eckartsau, Eslinggen and others, in addition to five houses in Vienna and bonds to the nominal value of 105 million Kronen whose actual worth, however, has greatly decreased.

UPHEAVAL IN SPAIN

Business At A Standstill

[Special to the "Hong Kong Daily Press" (Copyright).]

Madrid, Oct. 5.

Spain is in the grip of the greatest upheaval since the foundation of the Republic, the general strike having quickly developed into a regular revolution. Already dozens have been killed and hundreds wounded. The most serious fighting occurred in the Northern province of Asturias, Madrid itself is relatively quiet owing to the vigorous and ruthless tactics employed by the police who have made one thousand precautionary arrests and are immediately breaking up any groups forming in the streets. Traffic in the capital, however, is at a complete standstill excepting isolated motor-buses but only few persons dare to use these despite police escorts for fear of attacks by strikers. All business in the city were closed except the milk shops and no newspapers are on sale except the Monarchist "ABC" and the Catholic "Eldebe" which must be sold by soldiers.

The latest reports from Asturias state that the position there is still grave, the insurgents mainly attacking civil guards and besieging their barracks with the object of cutting most of the dependable support from under the feet of the Government at the outset. From Oviedo, the flourishing capital of Asturias, it is reported that already seven were killed and fifty wounded in street fighting. The barracks of the civil guards were also stormed in Lancia in the province of Lugo, the guards putting up desperate resistance to the determined attacks of the rebels.

The Home Minister broadcast an appeal to the nation on Friday afternoon reaffirming the Government's determination to maintain order by all means at its disposal. The Minister stressed that the general strike is illegal and that the Government would not let itself be intimidated by unscrupulous agitation of the Marxists. The new Cabinet has been in permanent session since ten o'clock on Friday morning, discussing measures to be taken to meet the grave situation.

Premier Lleroux declared that bloodshed should be avoided if possible and issued instructions to the police not to let themselves be led into provocative action.

"CATALAN REPUBLIC"

[Special to the "Hong Kong Daily Press" (Copyright).]

Madrid, Oct. 5.

In the midst of the confusion caused by the reports of revolutionary disturbances pouring in from all parts of the country, comes the report that Catalonia has broken away from the rest of Spain and declares itself independent. The news comes as a great shock to the Government.

Reports from Barcelona state that the Catalan Generalitat—the representative and legislative organ of the Catalan Republic—met on Friday noon and in a short session proclaimed Catalonia's secession from the Federated Republic of Spain.

A general strike has been declared throughout Catalonia, and the entire province is seething with excitement, economic life being completely paralysed. Crowds are marching through the streets of Barcelona shouting "Long Live the free Catalan Republic."

The political tension in Spain has greatly increased by the portentous decision of the Generalitat which possibly will lead to a civil war.

JAPAN-DUTCH TEXTILE NEGOTIATIONS

The Hague, Oct. 5.

Mr. Spanjaard, the official Dutch representative at the Japan-Dutch negotiations at Batavia, returned to-day and declared that there was little hope of agreement between the two countries respecting trade allotments or quotas in the East Indies.

He added that it may be found necessary to curtail Japanese textile exports to the Dutch East Indies in favour of British and German products.

KING GIVES CONSENT

To Marriage Of Prince George

London, Oct. 5.

H.M. the King held a Privy Council at Buckingham Palace to-day, at which His Majesty gave his formal consent to the marriage of Prince George to Princess Marina.

The Council was one of the most representative held in recent years. Two members of the Royal Family, the Prince of Wales and the Duke of Connaught, were present; and the Council was the first State function in which the Prime Minister had participated since his return from his health tour in Canada.

By a fortunate occurrence, three statesmen who hold or have held the office of Prime Minister in Dominion Governments were also in London and attended: the Council. They were Mr. R. B. Bennett, Prime Minister of Canada; General Smuts, Minister of Justice and formerly Prime Minister of the Union of South Africa; and Mr. Bruce, High Commissioner for Australia, and formerly Prime Minister of the Commonwealth.

Others present were the Lord President of the Council, Mr. Baldwin; the Lord Chancellor, Lord Sankey; the Foreign Secretary, Sir John Simon; the Dominions Secretary, Mr. J. H. Thomas, and the Archbishop of Canterbury.

The document approving Prince George's marriage, engrossed on parchment, was prepared and the great seal of England affixed.

The King and Queen later entertained members of the Council to luncheon. Prince George also being present.

LESSON SERMON

First Church of Christ Scientist

"UNREALITY" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 7th.

The Golden Text was: "All that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof: but he that doeth the will of God abideth for ever" (1 John 2: 16, 17).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "All things are full of labour; cannot utter it: the eye is not satisfied with seeing, nor the ear filled with hearing. The things that hath been, it is that which shall be; and that which is done is that which shall be done: and there is no new thing under the sun. I have seen all the works that are done under the sun; and, behold, all is vanity and vexation of spirit" (Ecclesiastes 1: 2, 3, 14).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Imperfect mortal mind sends forth its own resemblances, of which the wise man said, 'All is vanity.' The crude creation of mortal thought must finally give place to the glorious forms which are sometimes beheld in the camera of divine Mind, when the mental picture is spiritual and eternal. Mortals must look beyond fading finite forms; if they would gain the true sense of things" (pp. 239-240).

SANITARY BOARD MEETING

Business To Be Discussed

The following business will be discussed at to-morrow's meeting of the Sanitary Board:

1. The Medical Officer of Health, pursuant to notice, will move:

"That the by-laws governing Eating Houses, Bake-houses, Aerated Water Factories, Special Food Licence Premises, and Food Preserving establishments be amended by the addition of the following by-laws:

"Where any part of a floor to which such licence relates is permitted to be used for sleeping purposes, that part of the floor shall be separated from the remainder of the floor which is used for trade purposes, by partitions, three feet of which from the ground shall be solid and the remainder reaching to the ceiling shall be composed of trellis work in the form of a 'ping tung' to the satisfaction of the Board. No process of manufacture, and no storing of the raw material or the finished article or anything connected with the manufacturing process shall be stored in the part of the floor so partitioned off for the sole purpose of sleeping. Each occupant of the said 'partitioned area' shall have at least 550 cub. ft. of air, and adequate ventilation will be to the satisfaction of the Board. There shall also be adequate latrine accommodation nearby. Only one such erection shall be allowed on any one floor."

2. Correspondence relative to the draft agreement for the supply of earthenware runs for 1935.

3. Correspondence relative to the water closets, installed at No. 117, Waterloo Road.

4. Correspondence relative to the food-preserving licences at No. 42, Tai Nan Street, ground floor and No. 384, Reclamation Street ground floor.

5. Application for an eating licence at No. 59, Main Street, ground floor, Apilehau.

6. Application for a food-preserving licence at No. 548, Canton Road, ground floor.

(d) Mortality Return for Hong Kong for the weeks ending 9th, 16th and 23rd September, 1934.

(e) Cattle and Swine Returns for the month of September, 1934.

LORD BARNBY'S MISSION

Hankow Paper's Comment

Shanghai, October 6.

"Sacrificing a whale to catch a spirit" is the caption of an editorial in the "Hankow Herald" one of the leading Chinese newspapers in Central China, on the Barnby mission to the so-called Manchukuo.

It asserts: "What can be picked up in Manchukuo after the Japanese have done with it will in no way compensate for what can so easily be lost in China."

It refers to the "cavalier treatment" of the mission in not visiting China and adds that it is obvious that members of the mission must act and speak contrary to Britain's professions at Geneva in regard to the so-called Manchukuo.

POLICE DEFEATS SIGNALS

In Mamak Competition

In a Mamak hockey match played on Saturday, the Police, last year's champions, won their first match of the season when they defeated the Royal Corps of Signals by 3 goals to nil on the Police Training School ground on Friday.

Was playing at centre-half for the winners was outstanding while Marten and Whitehead played a nice game.

The Signals attacked from the start but poor shooting by the forwards spoiled many opportunities. An Indian player, B'ise and Woodby scored for the Police in the first half while Pennell netted the third goal ten minutes before the finish.

"VIVA VILLA!"

Wallace Beery At
His Best

"Viva Villa!" Metro-Goldwyn-Mayer's spectacular story which opens on Wednesday at the Queen's Theatre is generally classed among the great masterpieces of the screen of all time.

Filmed largely in Mexico, with Wallace Beery as the star and with an exceptional supporting cast, "Viva Villa!" has emerged as one of the truly great productions of recent years.

More than 100,000 Mexican natives were used during production, as many as 8,000 appearing on the screen at one time.

Months were spent by the stars in the remote interior of Mexico their only means of communication with the outside world being by airplane.

Its battle scenes, including the storming and capture of Mexican cities which were in newspaper headlines during the dozen years of Villa's turbulent reign, have been classed with the unforgettable march of the Clansmen in "The Birth of a Nation" with the chariot race in "The Ten Commandments", and with the Oklahoma land rush in "Cimarron" as soul-stirring spectacles.

Added to its lavishness is a fictional romance which runs through the photoplay, presenting Beery for the first time in many years as a lover.

With Beery in the notable cast appear Leo Carillo, Fay Wray, Donald Cook, Stuart Erwin, George Stone, Joseph Schildkraut, Frank Puglia, Adrian Rosley, and Henry Armetta. The picture was directed by Jack Conway.

MISSION TO
LEPERSChina Sends
Greetings

London, October 6.

The Mission to Lepers founded sixty years ago is celebrating its "Diamond Jubilee" by meetings in London. Many greetings from its various branches abroad and from lepers in the homes of the mission in various parts of the world have been received and these include a banner sent by lepers in Central China bearing in Chinese characters the phrase "Kindness to Chinese people."

The record of the mission is one of great heroism and as it has grown in its work it has received increasing recognition, particularly from the Government of India. Messages were sent by Messrs. Wellisley and Bailey the only survivors of those who founded the mission.

ELEVATING STATUS OF
LEGATIONSJapan To Make Her
Own Decisions

Tokyo, Oct. 6.

The elevation of the Italian Legation at Tokyo to the status of an Embassy, has re-directed attention to the question of Japan following suit.

It is authoritatively stated, however, that Japan will make her own decision in the matter separately from other countries.

Japan does not consider it opportune to elevate the status of the Legation at Peking at present.

"LIFE IN THE
RAW"

A Zane Gray Story

For those who like a picture with plenty of action, a visit to the Alhambra Theatre is recommended where "Life in the Raw", a picture adapted from one of Zane Gray's story, is being shown.

The story concerns a young and attractive girl who finds herself among the more or less primitive elements of the "western" wastes. She no sooner lands in this strange territory than she becomes the centre of attraction—among the men, at least. Her very obvious newness to her surroundings, and her need for protection are the agents that bring her and O'Brien together. In a series of adventures that involve a number of the most hair-raising feats of riding you ever saw, O'Brien establishes his pre-eminence over the rest of her admirers.

CARY GRANT POISONING
DENIED

Hollywood, Oct. 5.

It is now disclosed that Cary Grant, the film star, who was rushed to hospital last night, did not swallow a mouthful of deadly poison.

His wife, the former Miss Virginia Cherrill, as well known on the screen as her husband, rushed to his apartment when she first heard the report that he had been poisoned, but returned to her mother when the report was contradicted.

Miss Cherrill went to stay with her mother after an earlier household quarrel, not very long ago.

THE STORY THAT ROCKED THE WORLD!
MADE INTO A MIGHTY MOTION PICTURE!

The real story of life in the chain gangs... The sweatbox that breaks men's spirits... The whipping post that seals their lips... You're read about it in screaming headlines, but you won't know half of it until you see this thrilling picture.

"ON THE AIR"
Entertaining Film
At The Queen's

A film that is something out of the ordinary and well worth seeing is "On The Air" now showing at the Queen's Theatre. The picture is refreshingly different, and instead of the usual screen stars, it features a host of famous "stars of the air." Roy Fox and his wonderful broadcasting band heads the cast and appearing with them are many talented radio artists. A number of famous stage and screen stars are in the picture as well, including Betty Astell, Wilson, Keppell and Betty, Max Wall, the eccentric dancer, Jimmie Jade and Laurie Devine.

The story is quite simple, but nonetheless amusing, and it forms an excellent medium for the producers to present their many wonderful music and dance items, to say nothing of the very welcome humorous interludes.

MILLPOOL PRESUMED TO
HAVE FOUNDRED

London, Oct. 6.
After several days of uncertainty as to the fate of the West Hartlepool freighter Alderby, 4,880 tons, which was badly damaged during a terrific gale in the North Atlantic, the owners have received a message from her master stating that the situation is well in hand and no assistance required and it was hoped to make Bristol Channel on Tuesday.

Search for the ss. Millpool has been abandoned and it is presumed the vessel with her crew of 26 was lost in the same gale which crippled the Alderby.

KWOK'S FINE EFFORT

In Chinese Harbour Swim

Kwok Chun-heng, swimming a brilliantly judged race won the annual Chinese Cross-Harbour swim from Shek Kap-pul, the favourite in 23 minutes and 42 seconds.

The race which is the season's classic event for Chinese swimmers took place on Saturday afternoon from a point near Channel Rocks, Whampoa Docks, Kowloon, across the harbour to the South China Athletic Association's bathing pavilion at North Point, an approximate distance of 2,000 metres, which if covered in the above time given above, is a world's record.

Five ladies were included in the total of 24 swimmers and Miss Yeung Sau-chun, sister of the famous Yeung Sau-king, lady champion of China, came in first in the ladies section and managed to finish fifth in the whole event, a notable achievement for a girl.

COMPLAINANT FINED!

"You and other scoundrels very nearly made me wrongfully send a man to prison. You have deliberately and maliciously come here and lied to me," said Mr. Wynne-Jones at Kowloon Magistrate's Court on Saturday when he fined Li Ng Mai \$75 or in default six weeks' hard labour for giving false evidence against Fung Ki who was alleged to have gone to the first floor of No. 278 Reclamation Street and attempted to steal a fan.

Fung Ki stated that he went to the house to see a man called Wong Ming, the husband of Li Ng Mai, to get some wages from him, and after an argument he was struck on the arm with an opium pipe. As he was running away he was arrested and accused of attempted larceny.

Li Ng Mai, the complainant, and her witnesses stated that Wong Ming was not in the Colony when Fung Ki visited the house.

An independent witness, however, said that Wong Ming was in the Colony on the day in question as he had called on him.

In discharging Fung Ki, his Worship remarked that it was the worst piece of deliberate false evidence he had ever heard.

SENTENCE UPHOLD

"I am afraid that the instructions on which you are working are not very reliable," said Mr. Wynne-Jones to Mr. M. A. da Silva at Kowloon Magistrate's Court on Saturday in the re-hearing of a case in which Li Ming, a licensed hawk, was sentenced to four months' imprisonment on September 28 for snatching a hand bag from Fun Chi, a 20-year old woman.

YOUNG WOMEN BOUND OVER

Before Mr. Hamilton at the Central Magistracy on Saturday morning, two young Chinese women named Wong Luk and Chan Ying, were charged for disorderly conduct.

It is alleged that at about 2.30 p.m. last Friday night, the two defendants had a quarrel in Lockhart Road, Wanchai, and afterwards a fight followed. A District constable, passing by, saw the fight, and brought the two defendants to the No. 2 Police Station.

Both defendants pleaded guilty, and were bound over in a bond of \$25 each.

CHINESE HEAVILY FINED

A Chinese named Chow How, aged 36 years, appeared before Mr. Hamilton at the Central Magistracy on Saturday morning, charged with the unlawful possession of twelve tael of prepared opium.

The accused was arrested in Connaught Road West by a Chinese detective last Friday afternoon, with the opium tied up in a piece of old paper round his waist. He pleaded guilty and said that he was asked by a friend to take the opium to a certain place for a small sum of money as reward.

A fine of \$1,000 or in default nine months' hard labour was imposed.

BILLIARDS

H.K. Wheelers Beat St. Patrick's

In a friendly billiards and snooker encounter at St. Patrick's Club on Saturday, the Hong Kong Wheelers defeated the home team, by the narrow margin of 4 points.

Registering breaks of 21 and 38 Adamson won his game by 36 points. Buckle beat Fisher easily by 57 points while Tribe defeated Oldfield at snooker.

Following the match Paddy Hayes, the Navy snooker player and T. Wallis of the Wheelers, gave an exhibition and after a close game, Hayes won by 13 points.

FROM THE
GAZETTENotifications And
Appointments

The following notifications and appointments are published in the latest issue of the *Government Gazette*—

His Excellency the Governor has appointed Dr. T. W. Ware, to act as Port Health Officer and Inspector of Emigrants, during the absence on leave of Dr. J. P. Fehly.

It is ordered that a valuation of the tenements in the Colony for the year commencing July 1, 1935, shall be made before April 30, 1935.

His Excellency the Governor has appointed Mr. Arthur Jackson to act as Government Analyst during the absence on leave of Mr. Victor Cecil Branson.

It is notified that Commander J. B. Newell, D.S.O., R.N. (Retired), resumed duty as Deputy Harbour Master on October 4.

His Excellency the Governor has appointed Sir William Hornell, to be a Member of the Board of Education for a further period of two years.

It is notified that unless before the expiration of two months the Malaguna Mansions, Ltd., obtains a certificate to commence business the Company will be struck off the register.

The Government is inviting tenders for a storm water drainage scheme, surface channels, levelling of ground, etc. at the south-east end of the Kowloon Hospital site.

A bankruptcy notification states that a first and final dividend of 810.38 per cent. has been declared in the case of the Lion and Son Knitting Co., otherwise known as the Lal On Knitting Co., of Shamshuipo.

LICENSING BOARD

An election by the Justices of the Peace of a J. P. to serve on the Licensing Board for three years, *vice* Mr. J. L. McPherson, whose term of office expires on the 25th inst., has been fixed to take place at the Supreme Court on the 25th inst.

Nominations have to be sent to Mr. E. W. Hamilton, First Police Magistrate, not less than six clear days before the date of the election. Only Unofficial J. P.'s are entitled to vote.

THE RAILWAY

It is explained in the draft of an Ordinance to amend the Railways Ordinance, 1909, that Section 35 of the principal Ordinance, as amended by the amending Ordinance of 1927, gives the Manager of the Railway a limited power to dismiss, suspend and punish for misconduct railway servants in receipt of salaries of less than £100 or \$1,000 per year who are not on the permanent establishment or serving under written agreements; and also empowers him to fine for breach of a rule made under section 32 any railway servant whose salary does reach either of these figures.

It has been found desirable to increase this salary limit, and the main purpose of the proposed amendment is to enable the Manager of the Railway with a view to ensuring stricter discipline, to exercise the power to fine against any employee who receives not more than £200 or \$2,000 per annum as salary.

Interpreters and Clerks. The draft of an Ordinance to amend the Police Force Ordinance, 1932 is published.

It is explained in the Objects and Reasons that under Section 10 of the principal Ordinance, the interpreters and telephone clerks employed in the Police Department fall for pension purposes under the ordinary civil pensions law, and it is considered that the conditions for such officers in respect of probation and confirmation should be assimilated to those in force for similar officers in the ordinary civil service, namely a minimum probation of two years.

Dangerous Goods

Numerous amendments to the Dangerous Goods Ordinance, 1873, are published in a draft appearing in the *Gazette*.

It is explained the amendments are necessitated, in the main, by the recent drafting of a new and complete code of "dangerous goods" regulations to which the Chamber of Commerce has agreed and which are to be made by the Governor in Council under Section

WEDDING AT
KOWLOON

Harrigan - Piper

A pretty wedding was solemnised at St. Theresa's Church, Kowloon, on Saturday, when Miss Eileen Muriel Piper of Sydney, the daughter of the late Captain Piper, of Bathurst, New South Wales, Australia, was married to Mr. John Harrigan, youngest son of Mr. and Mrs. John Harrigan, of Burwood, Sydney, Australia. The bridegroom is a member of the staff of Messrs. Williamson and Company.

The bride cut a charming picture in a white satin creation, with a beautiful long train. She carried a bouquet of white orchids and maiden hair fern. Little Miss Lillie Ferguson, the flower girl, wore a green silk dress with a bouquet of Victorian posies.

The bride was given away by her step-father, Mr. Greenberg. Mrs. Greenberg, the bride's mother more a soft shade apple-green georgette dress with a large black picture hat to match.

Mrs. F. M. Perry was Matron of Honour and Mr. Frank Nell was best man. The Rev. Father Granelli officiated.

A reception was held at 289 Prince Edward Road, after the ceremony.

AT METHODIST CHURCH

Peck-Schotel

At the Methodist Church, Wanchai, the wedding took place between Miss Maria Schotel, the only daughter of Mr. and Mrs. C. J. Schotel, of Waasener, Holland, and the Rev. R. W. D. Peck, the younger son of Commander F. Peck, R.N. and Mrs. Peck of Hants.

The bride who was given away by Rev. A. H. Bray, wore a pretty dress of white silk with a fine lace veil and carried a bouquet of white Honolulu creepers. Miss Maud Johnstone and Miss Olive Brown attended as bridesmaids, and looked very pretty in their dresses of green flowered georgette with shoes to match. The flower girls were Miss Nancy Shannon and Miss Betty Glenville. Mrs. E. C. H. Tribbeck was matron of Honour.

The Rev. Edgar Denstoe officiated, assisted by the Rev. E. C. H. Tribbeck the vicar of the Church, while the duties of best man were carried out by Rev. Frank A. White.

After the ceremony, a reception was held at Lane, Crawford's Restaurant.

AT THE CATHOLIC
CATHEDRAL

Warnes-Gaby

A quiet wedding took place on Saturday at the Roman Catholic Cathedral when Miss Iris Aspinall Warnes became the bride of Mr. Cyril Frederick Gaby, of the Chinese Maritime Customs, The Right Rev. Bishop H. Valtorta officiated at the ceremony. The honeymoon is being spent at Repulse Bay.

CHARITY BAZAAR

In Aid Of Children's
Hospital

On October 13 and 14, at the Chinese Catholic Young Men's Society, No. 16-Came Road, the Convention of the Precious Blood will hold a bazaar and fete, under the distinguished patronage of Lady Peel. The opening ceremony will be performed by His Lordship the Rt. Rev. Bishop Mgr. H. Valtorta on the first day at 3 p.m. The purpose of this function is to raise funds in aid of the Children's Hospital and the Orphanage, which are run by the Sisters at their convent at Shamshuipo.

The Committee, it is learned, will attempt to run the bazaar on a bigger scale this year, making it worthy of patronage for the sake of charity, as well as for entertainment. In addition to the offering by the sisters of a large quantity of knitted and embroidered articles suitable for household use, there will be various goods, generously donated by local firms and factories. Aiming at giving good value for money, the Committee have imported from Germany a large quantity of beautiful toys and dolls, which will be awarded to winners of the numerous interesting games of skill.

This year, the disposal of the

'HAMLET'

In Modern Dress

The University Arts Association attempted something out of the ordinary on Saturday night when they presented Shakespeare's "Hamlet"—in modern dress. It proved to be a most interesting experiment and the producer, Mr. R. R. Campbell must be congratulated on attempting it, even though some members of the audience could not quite adopt themselves to seeing the characters of this famous play in "fashions of 1934."

As far as the acting was concerned a word of praise must be given to the producer himself who took the part of Claudius and Mr. Reginald Woolley as Hamlet. Both of them delivered their lines well and it struck the writer that Mr. Woolley has the makings of an excellent amateur. Mr. Chung Hon Ki as Polonius was good while Miss Yvonne Langley played the part of the Queen well though she was not very audible to those in the back part of the hall. Miss Lo May Hing as Ophelia also carried out some good work, but as in the case of Miss Langley she was also inaudible.

THE CIRCUS

An Excellent Show

Despite the many counter attractions and the bad weather a very large number of people attended the opening performance of Franz Isako's circus at Kowloon on Saturday night.

It was said that circuses were only for children but a visit to this show will prove how false that statement is. True, there is plenty to amuse the children, but some of the artists put over their turns so cleverly, and the animals are trained to such a degree of intelligence that it takes an adult to appreciate them.

We can certainly recommend a visit to the circus with the feeling that you will come away satisfied. Situated opposite the Peninsula Hotel, the circus is easily accessible both to people living on the island and more so to those who stay in Kowloon.

ON THE ROCKS
AT PRATASCity of Cambridge
Still Ashore

The s.s. City of Cambridge which went ashore on Pratas Reef 180 miles from Hong Kong, on Saturday morning is still in the same position, attempts to bring her off yesterday being unsuccessful owing to weather conditions which "were very unfavourable," according to a message received last night. A Takoo salvage tug and H.M.S. Suffolk are standing by, but the extent of her present danger is not known (it was not mentioned in the message) although in an earlier message it was stated that she was hard and fast on the rocks and that her bottom plates were leaking.

The vessel is ashore to the south-east of Pratas Island, about two and a half miles south-east of the lighthouse, and the rough weather outside the harbour is given as the cause of the grounding.

The City of Cambridge is commanded by Captain Teague and has a tonnage of 7,050, and was built in 1921 by Clark & Co., Ltd., of Belfast. She has a crew of 80 but carries no passengers on her present voyage. She left Manila at noon on Wednesday with about 1,000 tons of general cargo for Hong Kong. The Bank Line are the local agents.

Souvenir tickets, issued at \$1 and \$2 each, though appearing to show a decrease in comparison with previous years, owing to the bad times, has so far reached a fair number, and, as there are still a few more days before the function opens, the Committee hope that more purchasers of these tickets will be forthcoming.

The following constitutes the committee of the bazaar—President, Rt. Rev. Mgr. H. Valtorta; Vice-president, Mr. R. O. H. Lim; Chairman, Mr. Yung-kwong; Vice-chairman, C. M. Kwan, Hon. Secretary, Chan Wai Chuen, General committee, Messrs. Lai Chung To, J. Morris, So Sang Hon, Li Chun Wai, Tam Shun-son, Li Tai Chi and Dr. Y. Y. Tang; Business Manager, Chan Wai Ming.

EXHIBITION OF
CHINESE ARTHeld In Luk Kwok
Fan Tim

In celebration of the sixtieth anniversary of the birthday of Mr. Fung Hon, one-time interpreter at the secretariat of Chinese Affairs, and a great Chinese scholar and artist, a splendid exhibition of Chinese paintings, comprising an extraordinary collection of masterpieces, calligraphy, manuscripts and poems, presented to the artist by friends and fellow painters from all parts of China, was held at the Luk Kwok Fan Tim, Gloucester Road, Wanchai.

The exhibition was officially opened to the public last Saturday and concluded on Sunday, with a simple but impressive ceremony in the presence of many of the artist's guests and friends, and attracted hundreds of visitors during the two days it was open.

Mr. Fung Hon has been serving the local Government for over 27 years, and being a well-known Chinese painter, writer and translator of note, Mr. Fung Hon has travelled through 13 provinces in China, where his work has been greatly admired by his friends and fellow artists.

Since his return to the Colony, Mr. Fung Hon has written seven books, the latest one in Chinese, being "Illustrative Chinese Calligraphy." Among the most interesting paintings at the exhibition, are those by the two well-known artists, Mr. Sui Ming Cho and Miss Tam Yuet Sik. Landscapes by two Young Hong Kong girls Misses Kwan Wing Chuen and Cheung Wai Tam, are also on exhibition.

In addition, decorative fans, with special engravings, scrolls, poems, landscapes and calligraphy representing different periods of Chinese penmanship, are also to be seen.

Special mention should be made of paintings by Messrs. Li Fung Ting, Cheung Kok Cho, Chow Shung Wan and Tam Wing Kwong, who are all famous artists of Shanghai.

GARDEN FETE

Anglican Church
Function

The rain that fell intermittently on Saturday afternoon did not have any effect on the garden fete held by the Kowloon Tong Anglican Church which proved an unqualified success. The official opening ceremony was performed by Mrs. R. O. Hall, wife of the Bishop of Hong Kong and at the end of the day it was estimated that well over \$700 had been collected.

Although the Aunt Sally and Coconut shy side shows had to be abandoned owing to the rain, the other attractions proved extremely popular: the fish pond and lighting sketches in particular doing a brisk business while the demand for fancy and woollen goods was so great that the "Sold out" sign was put up in the respective stalls early in the afternoon.

The following were the stalls and side-shows:—Lighting Sketches (Mr. Scotcher); Treasure Hunt (Miss D. J. Lee and Mr. E. C. Johnson); Bran Tub and Fish Pond (Miss L. Sue and Mr. F. Cheung); Cigarettes, Drinks, and Ice Cream (Mr. G. S. Ladd); Gold Fish (Mr. E. A. Lee); Fancy Goods (Mrs. Credland and Mrs. Bertram); Woolies (Mrs. Anderson and Mrs. Peters); White Elephant (Mrs. Jex); Flowers (Mrs. Goddard); Pickles and Ham (Mrs. Ashby); Sweets (Mrs. Wood) and Lavender Girl (Miss D. Tolan).

GAMBLING AND SPORT

In everyday conversation we very often hear the expression, "I bet you" being used. Another such expression, "you bet" has become an American synonym for the affirmative in reply to questions and it is now also being used, to a great extent, by people of other nations. Then there is also another expression, "put up or shut up" and this is used to end arguments. As idioms these phrases appear to be harmless enough, but idiom has its roots in the thoughts and customs of a people.

With a great number of people to-day, everything is a gamble, for people seem ready, and some anxious, to bet on anything—stock and grain prices, differences of opinion as to facts, whether the next passing motor-car licence will have a last number odd or even, or whether a fly will, within ten seconds, return to a bald man's head. Most common of all, however, and perhaps the main source of this problem of modern society is betting on sporting events. Almost every hour of the day one hears people around him discussing or studying racing forms, or explaining just why a certain football team should prove superior to another. To a certain section of this community the very word gambling itself implies money

PEIPING POLITICAL
COUNCIL

Peiping, Oct. 8.
The Fifth Plenary Session of the Peiping Political Council opened this morning under the presidency of Mr. Huang Fu. Seventeen members attended, including the Chairman of the five northern provinces.

staked on the outcome of sporting contests, and gambling so closely related to sport, has demoralised many phases of beneficial activity.

There is, however, one effect which is worse than that it has on sport and that is the influence upon those who indulge in this betting. They fall victims to the strong desire to profit at the expense of others or to get money from somebody else without giving any return for it. A bet with a friend, on the outcome of some special event, may seem innocent enough, but once the bet is made the seed is sown, as it were, and there is no telling that this seed will not blossom forth into something far greater. Take for example the characters of those who gamble most, the professionals who have cast aside all productive endeavour. Are they not known everywhere as leeches on honest endeavour? And yet because gambling has become so common that their standards of behaviour are accepted, and what is even worse, imitated, and a gambler, no matter how notorious, is accepted in honourable society.

The authorities of certain countries recognise that the desire to gamble is the driving force behind bank robberies, kidnappings and other serious crimes. The criminal might earn in useful and honest work the modest sum required to keep him and perhaps his family in comfort but it is an acknowledged fact that for purposes of gambling, large sums are required. The police chief in one of the cities in America has stated that he protected a few gambling houses as he had an understanding with the proprietors who could be depended upon to act as informers. The same official testifies that the first place the average criminal goes with his loot is a gambling house.

The association of gambling with sporting events has contributed to its popular acceptance, to the general unconsciousness of its evil. It has so tainted modern thought that many otherwise honest and logical persons cannot see why it is evil. To escape eventual condemnation, sport must cease to send out this poison into mass thought. In fact, sport to be real sport needs to be purged of the gambling taint.

DANGERS IN
JAPANAnother Pamphlet
May Be Issued

(Special to the "Hong Kong Daily Press" (Copyright).)

Shanghai Oct. 7.
Reports from Tokyo state that in spite of strong reactions in Government circles the Seiyukai and Minseito Parties are against the War Ministry's Press Bureau pamphlet. General Senjuro Hayaishi declared yesterday upon his arrival at his native place Kanazawa City that the Army may soon issue another pamphlet on national defence in order to make the Japanese people aware of the dangers threatening them.

The question regarding Tuesday's pamphlet was considered closed with the War Minister after his explanation at today's Cabinet meeting that the purpose was to increase popular knowledge of the nation's defence. He flatly denied rumours that it was the War Ministry's intention to carry out various measures suggested in the pamphlet.

In view of the widespread attention the pamphlet has attracted, one of the Cabinet Ministers requested General Hayashi to consult the Government before letting the War Office Press Bureau issue similar pamphlets in future.

SUPPRESSION
OF BANDITSMilitary Chief At
Conference

(Special to the "Hong Kong Daily Press" (Copyright).)

Hankow, Oct. 7.
The military conference through-out the forenoon convened by General Chiang Kai Shek at the Commander-in-Chief's headquarters for bandit suppression forces at Wuchang was attended by military leaders including Generals Chang Hsueh Liang, Ho Chen Chun and Chang Chun for discussing measures for bandit suppression in Hupeh, Hunan and Szechuan provinces.

After consulting General Chang Chun, the Hupeh Chairman, General Chiang consented to telegraph the National Government for relief funds to that province.

Secretary Yang Tung Tai informed the Press that it was General Chiang's intention to proceed to Loyang on the "Double Tenth" for attending the commencement of the Military Branch School.

OPEN SPLIT
RUMOURSDenied By Dr.
Kung

(Special to the "Hong Kong Daily Press" (Copyright).)

Shanghai, Oct. 7.
Dr. H. H. Kung, Vice-President of the Executive Yuan and Finance Minister has scouted the rumours circulated on Friday afternoon regarding a possible open rift between Nanking and South China. It was pointed out that General Chiang Kai Shek, as Commander-in-Chief of bandit suppression in the five central provinces maintains permanent headquarters in Hankow, and Nanchang is only his field headquarters.

Dr. Kung has been informed of General Chiang's Hankow visit for conferring with the military leaders with a view to completing the Communist suppression campaign in the Hupeh-Szechuan border at the same time inspecting personally the conditions in the central China provinces.

After Friday's sudden drop, expectation of further losses in domestic bonds was not realised to-day, due to the quick discovery that the rumours were without foundation.

If Gossip We Must

(By "NIGHTBIRD")

The October Holiday fever seems to have already caught on though we do not actually get the day off till Wednesday. However, it all started on Friday when the local Portuguese community celebrated the anniversary of the foundation of the Portuguese Republic and the Consul-General, Marquis de Fialho was "At Home" at the club and I had hardly got over a very strenuous evening than I found myself wandering into the Hong Kong Hotel lounge for my morning coffee. Here I found such a large crowd and everybody seemed to be full of the Races. It was a pity that the rain did not keep off in the afternoon for had it been fine I am sure we would have seen many a pretty dress at the Race Course. As it was, macintoshes seemed to be the order of the day and the only difference I could see was the colours of the raincoats—red, green, blue and almost every colour.

THE BLACK CAT

One of the first persons I saw was Mrs. T. E. Pearce, looking very busy. She was wearing a figured silk dress and I heard her telling a friend that she hoped the "black cat" she gave the interlopers, cricket team for a mascot would bring them good luck. I then strolled over to the paddock where I saw Comdr. F. H. E. Skyrme and his charming wife who was one of those who favoured a blue macintosh. I liked the dress that Mrs. Yvonne Shenton wore—it was nigger brown, sad, with hat, hose and shoes to match.

Perhaps one of the staunchest supporters of the Turf, Miss Pamela Scott Harston was very happy as she led in Racing Fluck—for the second consecutive meeting. She had a snappy tweed coat on and although the rain did make some of us rather uncomfortable, I am sure the coat must have kept her nice and warm. I do not remember whether it was during the fifth or sixth race, but I did see Miss Butler, in a yellow dress trimmed with black, defying the rain by going to the rails to watch a very close finish. The Misses Fair were as happy as ever—they were chatting and laughing gaily with some friends and one of the sisters was in emerald green which suited her so well.

PRETTY CHINESE GOWNS.

As I was going to make a bet, my escort—inquisitive man!

asked me who was that "sweet young lady in silver gray." Turning round I saw Miss Dora Ellis and she certainly did look well in a long Chinese gown of silver gray with a swagger coat of white crepe. Of course her opposite number, Miss Eva Lang was there too. Another charming Chinese lady I saw was Miss Lucy Tse who was chatting with Mr. Maurice Davis.

A "Mainbocher" model dress of "Faille" material with spots worked in gold thread.
Hat: Military Tricorne of Elfskin. The outfit is from the Dolly Varden Hat Shop.

the popular local representative of Metro-Goldwyn-Mayer.

Despite the heavy going, there were not many upsets and as I wanted to make a lot of money all at once, I invested in two cash sweep tickets but as usual, I had no luck. I heard though that Mrs. Scott Harston made a present of one to her husband and it drew a prize!

It was good to see Mr. Gilbert Harriman out again. He had been in hospital for some time and al-

though he is still a trifle pale and wan, he was full of cheer. Mrs. Harriman was in a rose coloured tight-fitting dress and a brown hat, and very nice too!

Our new Puisse Judge, the Hon. Mr. R. E. Lindsell was there with Mrs. Lindsell, Mr. G. E. Sewell appeared to be very cheerful despite the fact that he had some trouble with his mount, Tso Tsak, at the starting gate, and whatever punters might have thought of The Goose, I am sure the stable boy must have thought he was a very naughty pony, and who was the bright young thing who asked if one of the jockeys, who was all covered with mud after a race, was making-up for a fancy dress ball?

THE PUBLIC STANDS

As all the ladies in the Members' Enclosure were determined to hide their pretty dresses under raincoats, I walked over to the Public Enclosure to see if things were different, but alas! there were only macintoshes to be seen at every nook and corner.

After the races it was to the Hong Kong Hotel once again and here the boys seemed to have caught on the holiday fever, too, for they were in their cheerfulness, mood when I got there. Or was it because they guessed I was going out to Repulse Bay and their sense of loyalty to the "Tat Chow Tim" made them jealous? Anyway they all behaved as though they were ready to serve me for always, but boys will be boys!

AND SO TO BED

I had to get home to change and then it was Repulse Bay. In place of the raincoats I saw at the Race Course, there were wraps galore as it was a really chilly evening. Nevertheless there was plenty of fun, and I am sure my escort must have thought I was a wet blanket when I complained of a headache and asked to be taken home, very early in the evening. I missed all the dresses but the world is such a small place, dear reader, that I am sure you will hear all about them soon. I cannot conclude, without a word of praise for Sands and Dawn, and the two pretty sisters, Myra and Maria, who were at their best. I understand Sands and Dawn were giving their farewell performance. Here's bidding them au revoir—I will not say goodbye for I am hoping to see them again here—and very soon, I hope.

CATALAN PRESIDENT COMPANYS UNDER ARREST

Humbled After Artillery Bombardment

GENERAL AND MAJORS KILLED IN MUTINY

Rebels Attack Naval And Air Force Barracks

The general strike which was declared in Spain on Friday has led to a mighty revolt over the week-end in the provinces. The revolt in Catalonia, which declared itself an independent Republic, has been temporarily crushed, while President Companys, who is a prisoner, is reported to be wounded in the bombardment of the palace.

A sanguinary battle was waged at Barcelona with heavy casualties. Meanwhile a report from North Catalonia states that a regiment has mutinied, and killed several officers, including a General.

Senor Lerroux has made a declaration that the revolt in Catalonia and Asturias is completely under control.

(Special to "Hong Kong Daily Press")

(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894. Received, October 7, 4:30 p.m.)

Madrid, October 6. Spain passed a restless night with at least one hundred dead, a score wounded and three thousand arrested, and with the general strike continuing with unabated severity. The Franco-Spanish frontier has been closed. Railway traffic is now at a standstill. The gravity of the situation is fully realised by the Government.

In Catalonia, the move for an independent Republic is gaining an impetus, with the Reds setting up Soviets in various towns. The Catalan Government, though sympathising with the masses, made no move as yet formally proclaiming independence. In Lerida, the Communists seized a radio station and broadcast an announcement that the Catalan provinces have become independent republics. Thereafter they destroyed the transmitter.

Meanwhile, an intense campaign is waged by several parties, hostile to the new Lerroux Government, in favour of the proclamation of a third Federal Republic. Rumours were current late last night that ex-Premier Azana, the leader of the Left Wing Republicans is harbouring "putsch" designs. He is credited with the intention of becoming President of the third Republic.

ASTURIA RIOTS

The situation in the coal basin of Asturias is deteriorating. Radical coal miners dominate the situation. The Lonal authorities have been "sacked" by them. Troops have been rushed to Asturias to quell the riots and pitched battles are anticipated on Saturday. In Madrid, the situation is comparatively quiet but the general strike is being enforced hundred per cent. The Home Minister in a new broadcast message urged the population to keep cool.

Disquieting news were received late last night from the provinces. At Medinade Rioseco, not far from Valladolid, the extremists raided the Gendarme station and murdered seven gendarmes. The extremists thereupon barricaded themselves and awaited the despatch of troops urgently rushed to the scene of the outrage. Pitched battles were fought between the troops and the insurgents. But in view of the failure to overpower the insurgents, the troops had withdrawn pending the arrival of further reinforcements. In Mondragon, a deputy was shot dead while a high official of the Provincial Government was murdered in San Sebastian.

The troops at the arsenals at Cartagena and Ferrol are said to have revolted.

REBELS CONTROL TOWNS

(Special to "Hong Kong Daily Press")

(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894. Received, October 7, 1:30 a.m.)

Madrid, October 6. While official quarters show considerable optimism, maintaining there is no cause for alarm and expressing confidence that normal conditions will shortly be restored throughout Spain, this assurance is not borne out by private reports which indicate that the general strike, of revolutionary character, is still raging

in most cities and towns while the rebels, though still in possession of isolated villages, are withdrawing to the mountains—Transocean Kuo Min.

MARTIAL LAW

Madrid, October 7. After a period of quiet, firing recurred at Madrid last night and disturbances were also reported to have been renewed at Bilbao, Baespa and Leon.

A proclamation of martial law, dramatically announced by Senor Lerroux in a message broadcast to the nation said that the step was necessitated by the unpatriotic action of the Government of Catalonia in declaring independence and appealed to the people to stand by the Government. He expressed confidence that Spain will unite as one man and added that the revolutionary movement was confined to Catalonia.

At Asturias the Home Secretary broadcast martial law regulations which include commandeering of lorries, private cars and motor cycles, the unauthorised use of which by owners is prohibited. Reuter.

"DOWN WITH LERROUX"

Barcelona, October 6. The proclamation of a Catalan Republic preceded exciting scenes. Demonstrators marched through the streets carrying banners bearing slogans demanding a Catalan Republic and "Down with Lerroux."

President Companys made a declaration from the Government Palace affirming the will of the Catalan Government to defend the Republic and break off relations with the institutions governing Spain and declared that the Government had proclaimed a Catalan Free State of Union of Iberian Republics. A Catalan lawyer has taken possession of the law courts in the name of the Catalan Republic.

The Catalan Republic was proclaimed under a sub-title, the "Catalan State. Spanish Federal Republic will be followed by the establishment of the Barcelona Provisional Government presided over by Senor Azana, former Socialist Premier, which will declare Lerroux's Government to be unconstitutional." Reuter.

BARCELONA FIGHTING

Barcelona, October 7. Fierce fighting is progressing since before midnight. Central Government troops from the Barcelona garrison have sent an ultimatum to the Catalan youth organisations to surrender control of the city and on their refusal a state of war was declared. Troops, including artillery, attacked the Government Palace and bombarded the broadcasting stations which had been sending out messages urging the Catalans to resist further. Reinforcements are arriving. The casualties are believed to be very heavy. Reuter.

DRASTIC MEASURES

(Special to "Hong Kong Daily Press")

(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894. Received, October 7, 7:30 p.m.)

Madrid, Oct. 7. The news of the proclamation of the independent Catalan Republic has caused the greatest consternation here which, however, was somewhat relieved when news was received of General Batet's successful action in arresting President Companys and members of the Catalan Generalitat. The Government is evidently determined to suppress the Catalan revolt by all means at its disposal as the entire fleet is proceeding full steam to Barcelona.

AZANA ESCAPES

(Special to "Hong Kong Daily Press")

(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894. Received, October 7, 7:30 p.m.)

Barcelona, Oct. 7. As a result of the proclamation for the independence of the Republic of Catalonia, made by the Catalan President, Companys, from the balcony of the Generalitat Palace on Saturday night, loyal troops, under the leadership of General Batet, commander-in-chief of the military forces in that Province, bombarded the building on Sunday morning and succeeded in capturing it after severe fighting. President Companys as well as members of the Generalitat were arrested while ex-Premier Azana made good his escape. Later, it became known that General Batet was compelled to leave in the greatest haste for Gerona where it is stated the

Luis Companys, Catalan President, surrendered to the Central Government forces under General Batet after a prolonged bombardment of the palace. He was immediately arrested and will be brought to trial.

troops mutined and severe fighting is in progress—Transocean Kuo Min.

ULTIMATUM TO SURRENDER

Madrid, Oct. 7. A squadron of five warships at Cartagena have been ordered to proceed to full speed to Barcelona. They are due at noon. Meanwhile General Batet, commanding the troops in Catalonia, has issued an ultimatum to President Companys calling on him to surrender immediately, otherwise he would storm the Generalitat Palace. Reuter.

Gibraltar, Oct. 7. Two battalions of the Spanish Foreign Legion, have arrived at Algeiras from Ceuta and have been ordered to proceed to Barcelona. Reuter.

BOMBARDMENT BEGUN

Madrid, Oct. 7. The reply of President Companys to General Batet's ultimatum is unknown, but it is rumoured that an attack has begun. The bombardment of the Generalitat Palace has been started by General Batet's forces who have occupied the civil aerodrome from which they are bombarding. President Companys has surrendered to General Batet after a prolonged bombardment. Reuter.

COMPANYS ARRESTED

Madrid, October 7. The intention to surrender was broadcast by President Companys from the Palace "since the means of resistance were exhausted and to avoid fresh sacrifices." President Companys was immediately arrested and will be brought to trial. The Government has also ordered the arrest of Manuel Azana and all Catalan Ministers.

The news of the surrender was received with enthusiasm at the Home Office where Cabinet Ministers waited all night long. The care-worn Ministers jumped from their chairs with shouts of "Long Live the Republic! Long Live Spain!"

The Minister of Public Instruction announces that the situation in Asturias is in no wise under control. Troops are being despatched to the storm centres from Palencia. Reuter.

CATALAN ARRESTS

Madrid, Oct. 7. All members of the Catalan Government have been arrested except the Home Minister, Dencas. The fate of Azana, who it has been stated has thrown in his lot with the rebels, is uncertain.

It is understood that President Zamora personally intervened to save Companys from immediate court martial and execution. Companys had defied two ultimatums to surrender. After the first was ignored General Batet opened rifle fire which lasted for half an hour. Then the second ultimatum was followed by an artillery bombardment which quickly led to surrender.

A Cabinet meeting will be held at midday to decide whether Companys will be tried by military tribunal or handed over to the Tribunal of Constitutional Guarantees. Reuter.

MUTINY AND MURDER

Paris, Oct. 7. A Spanish regiment is reported to have mutinied at Gerona, North Catalonia, and to have murdered a General, two Majors and a Captain. A message from Madrid states that General Batet has left hurriedly for Gerona. Reuter.

DEPORTED FROM JAPAN

Another Batch Arrives

(Special to the "Hong Kong Daily Press" (Copyright.))

Shanghai, Oct. 7. The latest batch of ten Chinese deported from Japan has arrived, making a total for the past weeks of 118. As before, they are charged with appearing to be destitute and stranded and they are bringing similar charges of maltreatment and confiscation of property and valuable belongings against the Japanese police authorities.

Seven of their comrades are said to be detained at the Police Station in Tokyo. Anxiety is felt for their fate while they are at the mercy of the Japanese police.

They are planning to petition the National Government for relief.

AMBASSADOR RESIGN

Madrid, Oct. 7. Senors Zulueta and Barnes, Ambassadors in Berlin and Mexico, who are Left Wing Republicans, have resigned owing to disagreement with the Lerroux Government. Reuter.

BLOODY BATTLE

Although the Generalitat Palace had surrendered, fighting is continuing in the lower parts of the city. Companys is reported to be among fifteen wounded in the bombardment of the palace. Fifty wounded have been removed from another building occupied by the rebels. A bloody battle ensued when the rebels attacked the Naval and Air Force barracks. The casualties were 20 killed and 70 wounded. Reuter.

Madrid, Oct. 7. Further fighting is going on in several provinces. Mayor Tarrazon was seriously wounded and three civil guards were killed in an affray with agitators. One was killed and 25 injured when the police stormed and captured the town hall at Villar Robledo from the insurgents. Reuter.

MURDER TRIAL 'IN U.S.

Youth Sentenced To Death

Wilkes Barre, Oct. 6. Robert Edwards, a 23-year-old American, was to-day found guilty of murdering his sweetheart, Freda MacKeechne, who was expecting a child, while swimming in a lake, so that he could be free to marry another.

The trial, popularly known as the "American Tragedy Case" opened last Tuesday. The jury deliberated for 12 hours before reaching their verdict. Sentence of death was passed.

A feature of the trial was that Theodore Dreiser, the noted novelist, was engaged by a newspaper to write the reports of the trial, owing to the great similarity between the crime and that outlined in Dreiser's novel. Reuter.

Accused Appeals

Wilkes Barre, Oct. 7. Robert Edwards has appealed. Hearing is expected to take place in three weeks' time. The jury recommended death by electric chair, but the actual death sentence has not yet been pronounced. Reuter.

HONOURS EVENLY DIVIDED ON FIRST DAY OF EIGHTH EXTRA RACE MEETING

Favourites' Day At The Course GOOD DIVIDENDS FOR PUNTERS

(BY "MORNING DEW")

The first day's racing of the Eighth Extra Meeting at Happy Valley was somewhat spoiled by intermittent rain which fell during the afternoon, as a result of which the new \$2 pari-mutuel was not given a fair trial. The turnover was slightly smaller than at the previous meeting, but one result was that dividends, in spite of the fact that favourites turned up again and again, were on the generous side.

Soldier of Germany and Valorous won their respective races to pay \$11.60 for a \$2 bet on the "Daily Double."

Racing Heart won the Australian race from Just That. Bronze Era disappointed here, fading out after leading for half a mile.

The rain did not help ground conditions which were not conducive to fast times.

BRECHIN WINS FROM MACARONI

Brechin won the first race fairly comfortably thanks to a bit of clever handling by P. P. Botelho who was as much responsible for the success as the pony.

King's Bounty set the pace, accompanied by Gladiator and the two showed the way followed by High Speed, Mayflower, Macaroni and Bright View.

At the Rock, the leaders were being pursued by Bright View and Macaroni, with Brechin picking up ground. The five entered the straight together, after which Brechin drew away to win. Macaroni and Bright View just ousted Gladiator and Mayflower from the places.

RACING FLUCK

Top weight notwithstanding, Mr. Heard had little difficulty in steering Racing Fluck home in the second race of the day. Cavalcade made the running but the favourite was never too far behind. Mr. Heard brought him out at the bend and he was never headed again. Meanwhile from the back Sarabande came along with a big burst of speed and in the very last stride took second place from Cavalcade.

King's Parade was a good fourth coming along with a belated rush.

AUSTRALIAN BOY

The return match between Australian Boy and The Goose proved somewhat one-sided. St. Joan who had finished third on the last occasion these ponies met, set a terrific pace on Saturday but could not shake off the field. Friday being well up with The Goose third and Australian Boy fourth.

St. Joan slowed down after passing the Rock and at the head of the straight The Goose had almost caught up with him while a length further behind Australian Boy was going easily. Once into the straight, Davis pushed Australian Boy through, winning handsomely. St. Joan took second place with the Goose a poor third.

SOLDIER OF GERMANY

The public made Soldier of Germany the favourite for the fourth race and Mr. Deitz rode him hard all the way to make victory absolutely certain. Zero (Mr. Proulx) took a flying start but Mr. Deitz's mount kept well up with him. Entering the straight, he drew away to win all by himself.

Meanwhile Rubble was slow to get into his stride came along with a big rush in the straight and finished within two lengths of the winner. Monoplane was a good third, What a Chance was fourth and Zero fifth.

NOVICES RACE

Mr. Taylor riding The Bodega won a very slow race in the novices event where there were eight starters. The winner was well placed throughout and in a close finish just managed to win from Little Beauty, with Hell For Leather also well up.

Delightful Chance was prominent all the way but the pony "chucked it" on reaching the distance post.

VALOROUS

With an unweildy field of nineteen ponies the start of the Kimberley Handicap, six furlongs for "C" Class, was difficult, but all things considered the field got away fairly well together. Both Valorous and Wayward Stag were amongst the vanguard where What a Chance was showing the way. Valorous took the lead at the head of the straight and was never in danger once in front. Way

ward Stag was second while What a Chance after a grueling tussle with Flying Tourist shared the third place with him.

RACING HEART

Bronze Era and Nell Gwyn set a very fast pace in the "A" class race for Australians, but both tired rapidly and were out of the picture before the home straight was reached.

Racing Heart and Just That came along with a big rush three furlongs from home and both were running beautifully a quarter of a mile from the winning post. Black's mount responded much better than Soares' in the final portion of the straight and he won by half a length.

Saucy Face, after staying well behind the leaders most of the way, came along in the straight to offer a big challenge to Racing Heart and Just That. The pony missed second place by neck.

FI-FA

In the last race of the day Mr. Benny Proulx scored on FI-FA, keeping the pony in front practically all the way.

Mr. Fan, who rode Colombo pursued the leader and got within a length of him at the bend, but the effort proved too big and the pony fell back ultimately finishing third. Racing Triumph after labouring behind with the rest of the field, came along with a big rush in the straight and took second place.

RESULTS OF SATURDAY'S GAMES

East Lancs Score Thirteen Goals

What will probably constitute a record for this season was performed by the Third Division team from the East Lancashire Regiment who notched up 13 goals against the Railway Recreation Club in their encounter on Saturday.

The Club and the East Lancs fought to a draw in their first division encounter, but the East Lancs' second division team easily accounted for the Club juniors by five clear goals.

South China "B" continued in their winning vein with an easy win over the Artillery whom they overwhelmed in their first division meeting.

The Club who started rather shakily, have yet to be beaten.

SOUTH CHINA "B'S" SUCCESSES

Gunners Outclassed In East Game

Playing at Caroline Hill, the Artillery were completely outclassed by South China "B" in their first division League game on Saturday, when the latter left the field the winners by 5 goals to 1.

The Chinese were much too good and on Saturday's exhibition gave a fair indication that they will finish at the top of the League table with their "A" team.

The Gunners' passing was weak and very often failed to reach their objective, while the understanding was nothing like that when they defeated Kowloon last week on the Club ground.

Possibly the short passing game of the Chinese and their very fast dribbling had the desired effect on the Gunners, who were helpless to cope with the situations which arose.

That the Chinese were going to win was fairly apparent—they ran through from the opening whistle, and Lai Shui-wing found the net after dribbling round both Wroe and Hopkins in a space of less than two feet, to send in a terrific drive to score.

Wroe played an inspired game, though his partner at left-back, Hopkins was very weak. Young Su-yick scored South China's second goal. Running up the wing he left the defence standing to walk the ball into the net.

Wroe's Great Save. Lee Shek-yau almost scored just before half time when he sent in a pile-driver, from about 12 yards, Wroe only just getting his head to it and deflecting it for a corner.

WEEK-END FOOTBALL MATCHES

(Continued from Page 10)

S. CHINA JUNIORS WIN

South China juniors experienced no difficulty in taking full points off the Eastern Athletic in their second division League encounter at Caroline Hill on Saturday.

The Eastern's inability to tackle a man properly and fearlessly led to South China's overwhelming superiority throughout the game and their half a dozen goals were fully merited.

Sabbam, skipper of the losing team had very hard luck during the middle of the play when after a run down the left wing he failed to score with a rising drive, the ball skimming one of the uprights.

Lai Wing-on, Hu Yiu-kwong, Tsi Wing-on and Cheung Fak-fai (3) scored for South China.

R.A. AND INDIANS IN GOOD GAME

Conditions at Sookunpoo on Saturday were far from ideal with a wretched diagonal wind blowing and light rain falling throughout, nevertheless the Artillery and Young Indians gave a good account of themselves in their second division game which was won by the former by the odd goal in five.

The Gunners made use of the slippery ball and ground to their advantage and two of their goals were scored from almost the half way line, the Indians' goal-keeper being unable to hold the slippery ball.

Morton gave the Artillery the lead in the first half with two quick goals and shortly after the interval went further ahead when Fisher got his head to a lob from Butterfield.

In the last fifteen minutes of the game the Young Indians opened their account with a goal from a penalty for hands, Hammet scoring from the spot kick.

CLUB JUNRS. GIVE WRETCHED DISPLAY

A very scrappy game was seen at the Valley on Saturday preceding the first division game between the Club and East Lancs senior teams, then the juniors were seen in action, the result being an easy win for the visitors by 5 clear goals.

The Club were out positioned time and again. The East Lancs on the other hand held together splendidly and made the most of anything that came their way.

The Club forwards through bad positioning, failed to take any passes that came up from their halves, although Williams and Fisher were dangerous at times.

Nicholl was outstanding in the Club pivotal position and was ably supported by his wing halves who could have done better if they had taken their time, while Blinnie and Krilovsky were energetic but wild in their clearances.

Rydings (2), Botting, Hands and Blinnie (own goal) scored for the winners.

THIRD DIVISION ENCOUNTERS

RAILWAY R.C. LOSE HEAVILY

In the third division the East Lancs chalked up 13 goals against the Railway Recreation Club, by far the largest margin this season, while the Royal Engineers soundly trounced the Recreation by five clear goals. The Air Force accounted for the R.A.O.C. at Chatham Road by the only two goals while the Borderers secured two points at the expense of the Radio Sports Club.

ELLIOT BEAT RICCI HALL

Elliott Hall defeated Ricci Hall by 4 goals to nil in the Semi-final round of the Inter-Hotel football championship of the Hong Kong University.

The winners will meet Morrison Hall on Tuesday in the final.

YESTERDAY'S GAMES

South China's Globe Shave

With three of their star players (Fung King Cheong, Tam Kwong Pak and Ip Pak Wah) away, South China "A" had a very difficult time yesterday afternoon in their first division encounter with the Police.

The home team was one goal down at the interval and it was only thanks to an error of judgement on the part of one of the Police backs that permitted last year's champions to level up in the very first minute after the resumption. Very good play followed.

ed thereafter, and the deciding goal, which came from Chan Yuk Fal about five minutes before the end, was greeted with rounds of applause from the many thousands of spectators who had anticipated a drawn game.

It was not very long after the game had started—five minutes to be exact—that Stephens scored for the Police following a mistimed kick from Lau Mau. The visitors were playing very good football and although they were not as fast as the Chinese forwards, they made up for that with good steady passing. The Chinese tested McHardy, the Police custodian several times, but the inter-ceptor was not found wanting. Too Kwai Shing was moved in from the wing position to inside right but the result was no better, and time after time, Pile was responsible for breaking up the Chinese attack. The home team was having much the better of the argument all this time and when the whistle for half time arrived, they had had luck in being a goal behind.

On the resumption the ball was sent down the field to Pile, who instead of clearing was in two minds between passing it to the goal keeper or kicking it himself. He was robbed of the ball by Teh Po Leong, who scored from two yards range with no one to beat.

Once they had drawn level, the Chinese forwards played sparkling football, but the opposing backs were good, while McHardy at goal was superb, being responsible for many good saves. At the other end of the field, Li Tin Sang was doing heroic work breaking up the Police attacks. The Chinese forward line had one outstanding player, Tso Kwai Shing, and it was to this player that the bulk of attack fell. Many raids were made on the Police goal, without avail, on one occasion, Tso passed a beauty to Wong Mei Sun, but the latter shot over the bar.

A few minutes before the end, Parker allowed Chan Yu Fal to slip through, and that player scored, following a melee in front of the Police goal.

The concluding stages of the game was uninteresting, the home team concentrating on defending their goal, and successfully held out the police until the final whistle was blown.

DIVISION II

Borderers Win

Playing at Sookunpoo, the Borderers defeated the Royal Engineers by the odd goal in five, after a keen struggle. The Engineers opened their scoring through a mistake by Court, the Borderers centre-half, who deflected the ball into his own net in an attempt to intercept a shot. Shortly afterwards, however, the Borderers equalised through Morris and almost immediately afterwards gained the lead when the same player converted a penalty awarded for handling. The Engineers were undaunted, however, and towards the end of the first half, obtained the equaliser through Boyling.

The second half saw the Engineers attacking strongly, but they failed to score, the forwards being weak in front of goal. The Borderers had their share of attack, and towards the end, Isaacs scored, thus giving his side two well-earned points.

R.A.S.C. v. R.A.M.C.

The R.A.S.C. met and defeated the R.A.M.C. in a third division league match yesterday on the Sookunpoo ground by 5 goals to 2.

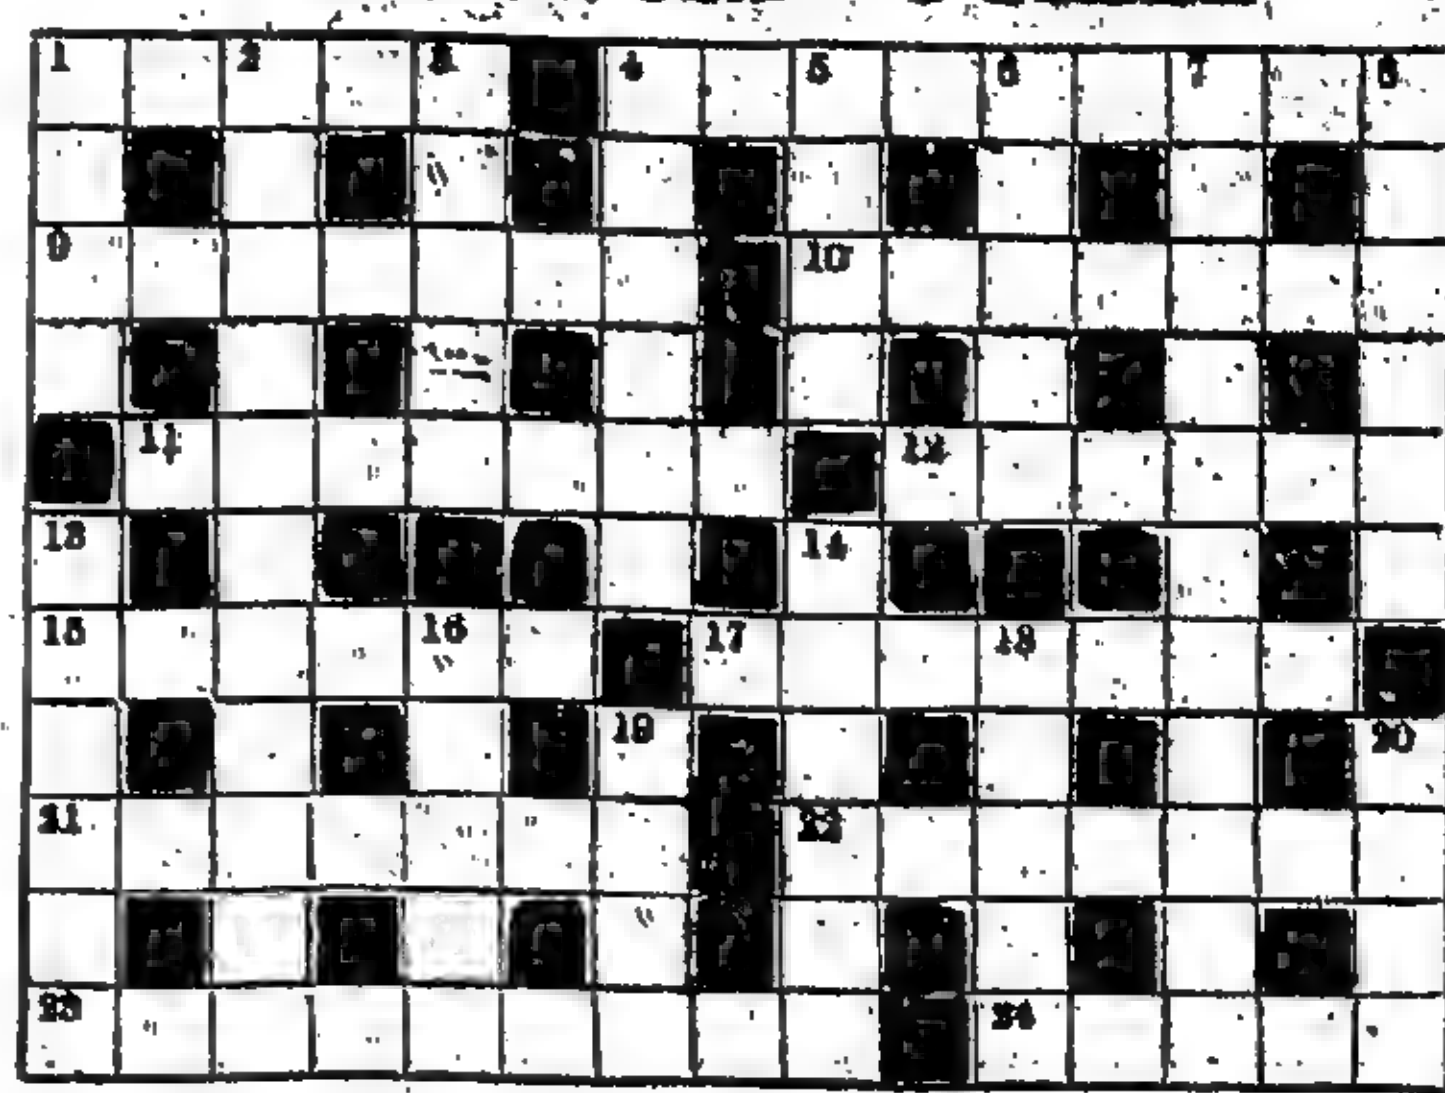

The play was of a high standard and the R.A.S.C. forwards combined very well especially on the left wing, which caused the medical team many anxious moments.

R.A.S.C. attacked from the start and it was not long before they were rewarded when Clark scored a nice goal to give them the lead, and when the half time was reached, the winning team was two goals up, the score being 4-2.

Clark scored three of the winners' goals while Eyvott was responsible for the fourth. The two goals secured by the losers were through Adams.

Play was even in the second half, both attacking at times, Forsyth frustrated many of the R.A.M.C.'s determined attacks, and minutes before time Flood scored the last goal of the match, running in with the ball from a pass by the left wing.

NEWS AND COMMENTS FROM THE NORTH

Effects Of The Soviet League Alliance

Shanghai, Sept. 22.

Among the events of genuinely outstanding importance in recent times, everyone will agree without hesitation in including the Soviet's entry into the League of Nations as one. The same unanimity of opinion, however, does not prevail in regard to the question how far this new development in international affairs will affect the Far Eastern situation. In the opinion of the Peiping "World Daily News," no material change will occur for some time.

The main reason behind the Soviet move to seek membership in the League, is the general uncertainty of the situation in Europe. Since the rise of Nazism in Germany, that country has been devoting a large part of its efforts to the suppression of communism within its borders, as being a movement against the interests of the German state, and this policy naturally has been the source of no little friction between it and Soviet Russia. Russia, realizing that her efforts of the past decade in establishing a rapprochement with Germany had borne no fruit, recently turned to France and other countries in Eastern Europe, and success in that direction has encouraged her to seek an end of her long ostracism from the Society of Nations represented in Geneva. Moreover, any strength she could lend to the tottering tower of peace, already undermined by Germany's impending withdrawal and Japan's open defiance, would only bring about a very satisfying heightening of Soviet prestige, a fact not to be valued lightly in these days of smouldering conflict and mutual suspicions. And France, as an ally to sponsor the Soviet admission into Geneva is about the best party possible to enlist for such purpose.

Japan Holds The Key

A survey of present international relations in Europe, would appear to indicate that the Franco-Russian rapprochement promises to become an important bulwark of peace in that continent. As for Great Britain, her views are more or less coincident with those of France on the subject of the Versailles Treaty, though she prefers to assume the role of a disinterested mediator in European affairs. Italy, however, remains an uncertain factor, but on the whole, it would seem that with the admission of Russia into the League, the status quo in Europe will remain unchanged for some time to come.

The situation in the Far East, however, is entirely different from that of Europe. In the Far East Japan holds the key to peace or war, and since she has withdrawn from participation in League affairs, suffers no scruples in following her wishes in defiance of that body. Although Great Britain, France, and Italy possess large interests in the Far East, none of them is prepared to incur the enmity of Japan, and their invitation to Soviet Russia to enter the League is motivated less by anti-Japanese policy than by a desire to bring about more settled conditions in Europe. Russia, for her own part, has her hands full enough over the carrying out of her second "Five Year Plan," to wish for no wars, and the risks they entail. Her entry into the League will not make her abandon her usual caution in the Far East. Therefore, the prospect of a Russo-Japanese war seems more remote, and peace in the Far East likely to be prolonged longer than would be the case if the Soviet continues to be internationally isolated.

CHIANG VISIT RUMOUR DENIED

Hankow, Oct. 6. Circles in close touch with Marshal Chang Hsueh Liang flatly deny the report that Marshal Chiang Kai Shek's visit here had anything to do with the alleged imminence of civil war between Nanking and South China.

They assert that the Generalissimo has come to Hankow to discuss the progress of the anti-Communist campaign, especially that in Hupeh, Hunan, and Szechuen, and that he will return to his headquarters at Nanchang when his work is completed.

Nanking, Oct. 6. The United States Minister to China, Mr. Nelson Johnson, who is leaving for the United States on October 9, arrived from Shanghai this morning and called on Mr. Wang Ching-wei who entertained him at luncheon.

LAND SURVEY

Canton, Oct. 6. The Provincial Government having decided to make a proper survey of the different districts, many parties of surveyors have been engaged for the work of making this survey.

It has been decided to begin with the Pun Yue Tung Koon, Shih Tak and Tsi Shan Districts, and after these six districts have been surveyed, the Sun Wui Sam Shui, Wei Yang, Po On Districts will be dealt with.

The Surveyors have been divided into 36 parties, and it was the intention of the Government to engage additional surveyors for the work, but owing to lack of funds, this matter is held in abeyance.

It is expected that the survey of these districts will be completed in three years time.

TRAINING COURSE FOR HORSES

THE NORMANDIE British Equipment

Details are given in the current issue of the "Brown Gazette" of the equipment which is being supplied by Messrs. S. G. Brown, Ltd., for the Compagnie Generale Transatlantique's 79,000-ton turbo-electric liner Normandie, which is now fitting out at St. Nazaire.

The ship will have two gyro compasses, one being of French design and manufacture, and the other a Brown instrument similar to those installed in the Ile de France, Lafayette, Champlain, De Grasse and many other ships of the C.G.T. The Brown gyro compass will take control and steer the ship through a Brown automatic helmsman.

The details of the Brown gyro equipment are as follows:—In the gyro compass-room will be installed a type "A" master compass, together with motor generator and switchboard.

A motor converter, with necessary starting switchgear, driven by the ship's mains and giving an output of 50 volts, will be used to obtain the necessary d.c. current for operating the compass generator and repeater system. Coupled to this converter will be the 50-volt emergency battery, with automatic charging cut out.

The repeater wires from the gyro-room, to the repeater switchboard on the bridge will be duplicated, and a change-over switch installed in the compass-room.

Three multiple or steering repeaters will be supplied, one mounted on the automatic helmsman for actual steering and course setting purposes, one on the forward bridge and the third in the wireless-room for use in conjunction with the radio direction finder.

Two bearing repeaters will be installed, one on the port wing and the other on the starboard wing of the bridge. A combined course and rudder angle recorder will complete the repeater side of the equipment.

AUTOMATIC CONTROLS.
All repeaters will be internally illuminated for night use, and will each be connected to individual switches in the repeater switchboard. A Brown north steering error corrector will be connected to the repeater switchboard. This is a device which, by adjusting a graduated knob, the desired correction is automatically applied to all repeaters in relation to the ship's course.

The ship will be kept to her set

BRITAIN'S TRADE

Further Evidence Of Improvement

London, Oct. 5.
Further evidence of improving trade conditions in Britain is found in the weekly returns of the Bank of England.

For the past week, note circulation, which mainly represents actual cash in the hands of the public, has expanded by nearly another £4,000,000 and now stands over £7,000,000 higher than at this time last year.

Bankers' clearing house figures show a slight setback this week, but since the beginning of the present year they have recorded a remarkable expansion of £2,450,000,000. This mainly represents increased turnover of cheques in connection with the country's business and industry, and also its stock exchange investments.

Although the latter have probably been much heavier this year, a large part of the increased money turnover is due to increasing activity in trade and industry.

The clearing figures may be said to cover wholesale trade, and note circulation on forms a rough index of retail business. Both are in a very healthy state.

course by means of a Brown type "E" automatic helmsman. With this type of helmsman the power unit is coupled direct to the steering machinery control gear. This system has the advantage of two distinct methods of hand steering when setting the ship on her course.

The ship's handwheel can be used through the telemotor, or, alternatively, the small handwheel on the automatic helmsman, which is independent of the telemotor, and operates electrically the valves of the steering engine.

A Brown rudder angle transmitter will be mounted on the rudder post, and will indicate the rudder movement on the combined recorder and on two rudder angle indicators. One of these indicators will be a four-faced model for suspension mounting, which will be installed on the bridge, in full view of the helmsman, and arranged to be internally illuminated for night use. The other indicator will be a panel mounting type, and will be installed on the control panel in the engine-room.

THE SHARE MARKET

Harriman's Weekly Report

Mr. G. A. Harriman's weekly share report and market review issued at noon on Saturday states:—

The market although more active on the whole, displayed an easier tendency during the week under review. The investment section, registered a slight decline with Hongkong Trans marked down to \$19.80. Hongkong Electric to \$71, Telephones (old) to \$22.80, and Dairies to \$23.80. Star Ferries and Hongkong Lands remained unchanged with buyers at \$97 1/2 and \$50 respectively. Wharves were in demand to \$107. Among the minor issues, Hotels were a shade steadier, having been put through in large parcels at \$54.40/45. Cements were easier with shares on offer at \$2.30. China Lights (old) were steady with business done at \$8.65/10. Providents (old) came to business at \$1.47 1/2. Ewos were rather weak closing with sellers at \$9.80. On account of the strength of the dollar Sterling counters ruled easier. Hongkong Bank receding to a buying rate of \$1860 and Unions to \$530. The market closes with most interest in evidence in Ewos, Hotels, Trans, Telephones, and China Lights.

GERMAN SHARE MARKET

(From Our Special Correspondent's Press) (Copyright.)

Although marked preference had been shown in the last few days for fixed interest securities, it was more pronounced on Saturday so that the shrinkage in the volume of business in the share market was inevitable, but the share prices in general were by no means weaker in many favourite investments, being indeed firmer. Among the causes of this revival of confidence was the increased sale of coal in September.

Fixed interest securities were extraordinarily firm, especially gold and mortgage bonds which were about three-quarters point higher, while city loans advanced as much as two per cent. Call money was 4 to 4 1/2.

Taking the week as a whole, the most best known shares show considerable decline in the market quotation. On the other hand the market for fixed interest securities was exceptionally buoyant, gold and mortgage bonds maintaining the highest level for some time, namely, 92 and upwards. This alteration in relationship between two markets was due to the fact that investors believe the Reichs Government is now actively supporting the bond market so as to hasten the return to parity, thus enabling large scale conversion to be made.

'BODYLINE BOWLING'

South African Appeal To All Cricketers

(Special Air Mail Service)

London, Sept. 20.
An appeal that "a tacit effort should be made by all international cricket boards effectively to prevent a recurrence of the unpleasantness and unfriendliness caused by the use of bodyline or dangerous bowling" was made to-day by Mr. S. J. Pitts, president of the South African Cricket Association, in the annual presidential address.

Mr. Pitts appealed to all cricket bodies as well as to cricketers, to use every endeavour to prevent the deliberate use of dangerous bowling in South African cricket.

AMOY-MANILA SERVICE

Shipping Plans For Consideration

Nanking, Sept. 28.
Plans for extension of the Shanghai-Amoy shipping route to Manila, as the first step in the development of an ocean service, are reported to have been submitted by the China Merchants Steam Navigation Company to the Ministry of Communications for approval.

According to the plans, the luxurious steamer, Poo An, (now on the Shanghai-Tsingtao run), will be commissioned for the extended service. The trip from Amoy to Manila will take 60 hours. The Poo An will go into dry dock immediately for extensive repairs.

With regard to the four vessels ordered from England, three of which have already been completed, they will probably be put on the route between China and the South Seas.—Kuo Min.

MUSSOLINI'S SPEECH

To Thousands At Milan

Milan, Oct. 6.
Three hundred thousand people filling the big square in front of the imposing edifice of the Cathedral here widely applauded the speech delivered by Mussolini on Saturday afternoon from a specially erected 30-foot high tribune, the speech marking the culminating point of his three-day visit to Milan.

"The world's riches have been multiplied by modern science," stated Il Duce, "but now the task of the scientists is to show, under the guidance of the State, how this abundance can be justly divided, thus putting an end to the hideous misery of the masses." Turning to international politics, Mussolini declared it impossible to maintain an attitude of indifference towards the other nations, the only alternatives being friendship and enmity. "We who know our strength can make yet another attempt to arrive at an understanding with other nations on the basis of actual existing conditions."

After re-affirming his determination to protect the independence of Austria and paying a tribute to the late Austrian Chancellor, Dr. Dollfuss, who was "small in stature but great of heart," Mussolini stressed that further development in Europe without Germany's co-operation was inconceivable.

In conclusion, the Duce declared: "We are convinced that this century's civilization will take the form of Fascism. If real and righteous peace arrives then we will gladly decorate the rifle barrels with olive branch but if this aim was impossible to attain then we will adorn the bayonet points with laurels of new victories."—Transocean Kuo Min.
